IT'S what
WE DO!

I just wanted to let you know that we very much enjoyed our birthday party last Saturday. I know with the recent virus that they are working extra hard to stay open and make sure every guest is happy and having fun. The staff here at the Little Rock location went above & beyond to take care of us despite the extra effort they are putting in to keep clean. We appreciated the choices your company has made in this recent situation and will recommend parties here to my fellow mom friends. The Party Server that was assigned to us was super friendly and very attentive to our needs. I am bad with names but she definitely deserves recognition!

My nephew has a terminal illness and they are always so welcoming and loving, especially Hilda. The lady is so loving and kind the way she talks to my nephew and takes the time to try and understand him when he asks for his toys. He has speech problems but somehow she manages to understand him. We always come back because we know the staff is friendly and understanding.

My wife and I brought our autistic grandchild to your West Allis location and were beyond pleased with the wonderful way your employees treated our Jacob. In particular, we would like to point out two employees who went way beyond, Gia and Chastity. They are a great asset to your company.

I stopped in for a birthday party for my 3 year old and I want to thank the staff that worked at 6:30 PM that Tuesday. They had excellent guest service and the cleanliness of the whole restaurant was excellent. Thank you to the Flint location for making my sons 3rd birthday a memorable one!

Karina was absolutely amazing! I just love her. I love that I had to do nothing and she took care of everything. She was so sweet, friendly, patient, and great with the kids. Having my son's birthday party at Chuck E. Cheese has been such a wonderful and stress free experience. I will have as many birthday parties at Chuck E. Cheese as I can. My whole family loved it.

We celebrated my son's birthday today and I wanted to make sure someone recognizes Jamal for his outstanding job. I tried to do it on the feedback but it kicked me off and would not allow me to finish what I was trying to type. Please make sure his Manager knows what a great job he did. Thank you.

Today I received an email for the \$20 carry out family fun pack. We called to place our order with a very friendly host named Paul. He even called when our order was ready! When we visited the store, we noticed they had really gone the extra mile to make sure the public knew they were still open during this crisis. The windows were colorfully painted, they had signs along the road, and a letter posted on the door. Both employees I spoke with in the store were beyond friendly and happy to help. It was evident that they are going above and beyond to make sure their guests are taken care of, even if they couldn't host them inside the restaurant. I am very impressed with this store and am happy every time we visit. I hope these employees are taken care of during these tough times and are recognized for all of their extra effort and hard work. Thank you!
